

Year One News

Friday 10th December

Phonics

This week we have continued to look at split digraphs for our sounds of the week. This week our sounds were o-e and u-e. We looked at how u-e can make two different sounds just like oo. For example in cube the u-e make the U sound whereas in flute the u-e makes the ew sound.

Our words for this week were: no, saw, make, their, them and as.

Our words for next week are: do, me, look, when, put.

English... This week in English we have been looking at Fact Files. We have created our own fact file of a fire engine for Sprowston Fire Service. We found out to make a fact file successful it needs to have a title, subtitles, it needs to be non-fiction and the information needs to match the sub title otherwise it does not make sense. The children have created some amazing fact files!

Maths... In our Maths this week we have continued our learning from last week but we have been focusing on subtraction. The children used their learning from last week to help. We also recapped our learning of comparing amounts using $<$, $>$ and $=$. The children know that the steps to success is to ensure we work out the answer to one side of the number sentence, then find the answer to the other side and then looking carefully at the symbol in-between to find out if it is correct or not.

Spellings

Last week Mrs Munday sent out a letter explaining how we will be starting spellings. Every Friday we will be doing spellings based on our high frequency words for that week. We will be checking this through playing various different games. **Our words for next week are: do, me, look, when, put.** Take a look at Mrs Munday's post on Tapestry to see how you can make this learning a little more fun.

Music... In our Music this week we have started to learn a song which we will continue to sing and eventually sing altogether in a round. The song that we have been looking at is London's Burning. This links with our learning in Geography, History and Design and Technology. The children have loved this so far and we can't wait to continue this!

Dates

Feb 4th: Premier Sport's enrichment day
Feb 7th- Intergenerational week
Feb 9th- SENCO parents workshop @ 2:15pm
Feb 11th- Bobble hat day
Feb 14th – 18th- Half Term
