If you are not receiving emails/text messages from the office/pupil asset then please let them know – thank

We have spent time in the garden looking for signs of Spring as well painting Primulas in class and then planting them in the fairy garden.

We have been thinking about the number 5 and found that we can make it in lots of different ways with objects, cards and numicon. We have added another letter sound this week – it is Ss for Spring.

School Values – These are woven into our school week:

Respect Collaboration Inquiry Inclusion Achievement Safety Confidence Independence

Phonic sounds

Here is a link for how to say each sound purely-this avoids the children picking up bad habits in the future which can be harder to undo-it may be worth letting all relatives who support your child take a look-I know that my own parents, as grandparents benefitted from this!

Party Invitations

We will no longer be giving out party invitations in Diamond class as the children are too young to be responsible for collecting them safely and staff cannot monitor this regularly. We hope that you will be able to give any out in the queue before/after sessions – thank you for your understanding 😊

Family traditions

If your families have celebrations/traditions that your children get involved in then please let us know and we will try to include them in our Nursery year. Please post on Tapestry or tell us about them via the class email.

Useful contacts

Here are some useful contacts and sites for families that many of our own school staff have used for advice/ideas for their children. Some have services that you can request and some have ideas for play and communication within the family. They all have social media pages as well if this is preferred.
