

# Year 2 - WB 28.03.22

## English

This week we thought we would extend the celebrations of all you wonderful mothers. You deserve every day, rather than just one!

The children thought the same and have been using adjectives, similes and alliteration to create poems to celebrate how incredible each and every one of you are in their lives.

Thank you also, from all of us at Sparhawk, for all the support you give us!

Thank you  
Mum!

Rose gives John and Hank two pieces of string to use. John's string is 12cm long, and Hank's string is 8cm long. What is the total length of their strings?

## Maths

We have been looking at worded addition and subtraction problems in the context of measurement. The children have been using reading skills to understand if the question is asking them to add or subtract then using the many methods to solve them.

## Science

This week the children were given challenge to describe the advantages and disadvantages of certain types of roofs.

The children love a debate and used their knowledge of materials and shapes to argue their points.

## Easter Hat Parade

Thank you so much to all the parents who came to our Easter Hat Parade. It has been the best thing ever having you guys back in this term. The children have certainly loved it! Watch out for more events happening in the summer term.

## DT

We created houses and Easter storage boxes this week and the children created doors with hinges, using their learning from the previous weeks.

## Phonics

This week we have looked at contractions and using apostrophes to replace letters.

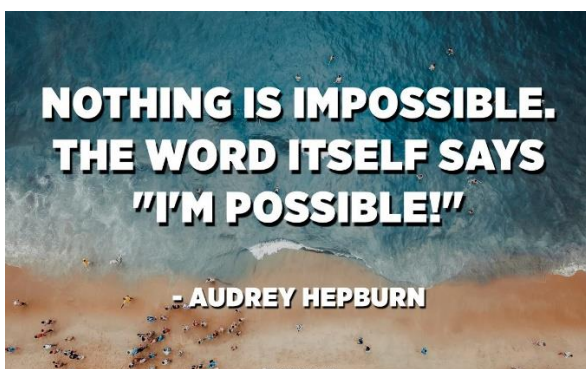

Next week's words: busy, every, money, water, clothes

## Other curriculum subjects

PE- Target games  
RE- New beginnings  
Music- Composing  
PSHE- Healthy Me
