

Year 2 - WB 19.9.22

English

We have been writing character descriptions based on those in the book 'Monkey puzzle'. The children found that successful descriptions have powerful adjectives to describe a noun. Some of the children challenged themselves to use a conjunction to extend their sentences.

Maths

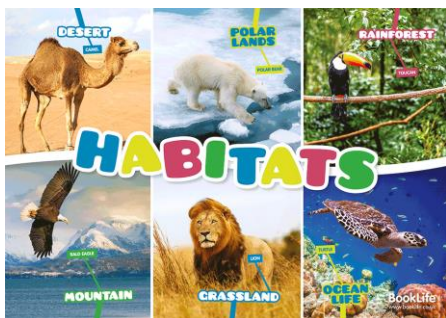

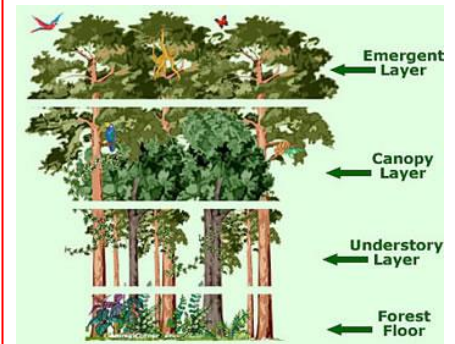

In Maths this week we have used our place value knowledge to compare numbers using the symbols for greater than (>) and less than (<). The children know to look at the number of tens in each number, and that the symbol will need to face the number with the most tens or the most ones if the tens are the same.

Science

In our science this week we took a look at different habitats. The children discuss what a habitat is and sorted out animals into their different habitats. We also discuss why an animal would live in that habitat.

Geography and art

This week we've looked at the 4 different layers of the rainforest and their characteristics: the emergent layer, the canopy layer, the understory layer, and the forest floor. We linked this to our art lesson where we drew a picture of the rainforest which we will be painting next week.

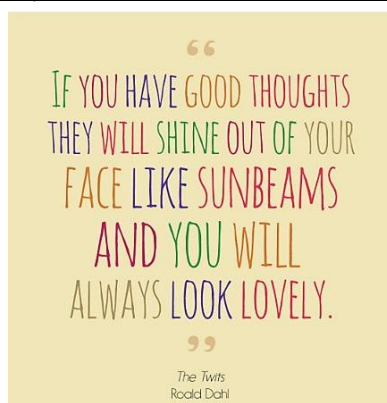

Phonics

This week we have been learning to use the split diagraphs: a-e, e-e, i-e, o-e, u-e.

Other curriculum subjects

- RE - Festivals
- PSHE - Differences
- PE - Teamwork
- Music - Singing

Quote of the Week

Dates for the Diary

- Fri 30th Sept - Mini monsters workshop
- Tues 11th Oct - Falcon craft afternoon
- Weds 12th Oct - Individual photos
- Weds 12th Oct - Mental health workshop @ 2pm
- Fri 14th Oct - Premier sport enrichment
- Tues 18th Oct - Parents evening
- Weds 19th Oct - Parents evening
