

Year Two - WB 08.05.23

English

This week we have been focusing on our reading. We have been looking at the amazing story of 'Where the wild things are' and looking at the pictures to guess (infer) what the story might be about.

We have been reading other lengthy pieces of text and picking out key pieces of information, we have been making posters and changing endings to stories.

WHERE THE WILD THINGS ARE

STORY AND PICTURES BY MAURICE SENDAK

Maths

This week in maths we have been revisiting our multiplication and division skills. We have been reading scales on thermometers to practice our counting in 2's, 5's and 10's. We have been tackling worded problems and using our skills to decide if the worded problems are multiply or divide questions. We have also been finding the links between both multiplication and division problems.

Philosophy

This week we have discussed about the wonderful time we had over the weekend celebrating the Kings Coronation.

We thought about this and had a classroom discussion about what our world would be without Kings/Queens or rulers!

PE

This week we have begun our new PE topic - Athletics. The children have enjoyed perfecting their sprinting skills and have been relay racing!

RE

The children have been looking at the Quran the holy book of the Islamic faith.

Supersonic Phonic Friends

This week we have been looking at the spelling rule 'tion'. Please see attached phonics newsletter.

Other curriculum subjects

Music - Glockenspiels
Science - Animal life cycle

As SATs begin next week, we thought we would share this wonderful quote with you.
(We will be calling our SATs next week quizzes)
