

# Year Two News

## Friday 13<sup>th</sup> October

### English

This week we have written a fact file page all about Mary Anning. Last week we had the Mary Anning storyteller, we used a lot of information from this to help us with our writing this week. We also read through the book *The Dinosaur Lady*.

### Phonics

We have begun to recap over our Switch it Spell sounds: u (music), ow (yellow), ie (thief) and ea (bread).

### Maths

This week we have been looking at comparing numbers and ordering them from greatest to fewest. The children were given number cards and had to order themselves depending on the number they were holding. We moved onto comparing these amounts using  $<$  (less than),  $>$  (greater than),  $=$  (equal to). We also learnt about counting in our 2's, 5's, 10's and 3's.

### Spellings

This week's spellings are: music, snow, belief, head, laugh, why, over, above, live. You can find them on our 15<sup>th</sup> September Tapestry post.

### Art

This week we used our clay printing blocks that we created last week to print with this week. Our first lesson in art we investigated layering and overlapping colours when printing which the children had the chance to do again this week with their own clay slab.

### Craft afternoon at Falcon

On Monday 16<sup>th</sup> October Ruby and Coral are going to Falcon for a craft afternoon. We will be walking there after lunch and we will be back for home time 😊

### Science

This week we learnt about what a Microhabitat was. The children had to convince Mrs Munday and Miss Whitlam that microhabitats do exist! They even had a visit from a scientist who taught the children about what a microhabitat was before they went to investigate in our school grounds and find some microhabitats. We then did some data collection to see what minibeasts we could find.
