

Year One News

Friday 29th September

Phonics

In phonics we have continued to recap on some of the Basics 3 sounds. This week we looked at: **oo (moon) oo (book) ar or**

Please see separate Supersonic Phonics newsletter for more information.

Maths

In maths this week we have focused on counting on from a given number and finding 1 more. We have also been practising forming our numbers correctly.

At home, see if you can practise writing the numbers 0-10 – this could be in any way that you like: using chalk on the patio, with water and a paintbrush outside, with your finger in glitter/sand/oats, or with any pens/pencils/crayons that you have at home.

Art

In art this week we began to explore different techniques that we can use when working with clay. We also used natural materials to make imprints.

English

In English this week, we thought about our trip to the dino park last week and wrote a simple recount of some of the things that we did. We tried to remember to use the past tense and write in the correct order, as well as using our finger spaces, capital letters and full stops. Some children challenged themselves to add adjectives too.

Science

This week we started off our animals topic by drawing and labelling our favourite animals and thinking about which animals we would and wouldn't find in Sparhawk Park and why.

History

In history this week we began to look at the history of our school and how it has changed from when it first opened in 1977. We compared and ordered photos and tried to spot where photos from the past had been taken by walking around the school grounds.

Please see Tapestry post if you were a student at Sparhawk!

Dates for your diary

Dates for
your
diary.....

5th October (3:30) – FOSSA AGM

13th October – Show Racism the Red Card Day – wear red

17th and 18th October – Parents evenings

20th October – break up for half term

30th October – return to school
