

Year One News

Friday 15th December

Phonics

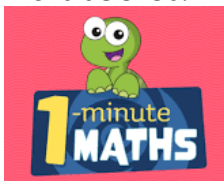

In phonics this week we have learnt the sounds: oy, ir, ou and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

Maths

Please take the time over the holiday to download the 1 Minute Maths app and let your child have an explore. We would love to hear about which topics they have enjoyed the most! You should have received a letter from Miss Pagendam this week explaining the app further and a sheet for you to record your child's scores.

Spellings

We will send out new spelling lists in the new year and will do our first spelling quiz on the Friday of the first full week back (12th January)

A huge well done to all of the children for their fantastic performances this week! We hope that you enjoyed coming to watch!

After the Christmas holidays we are looking forward to starting our new topic of **engineering**. If anyone has any links with engineering and would be happy to come in and speak to the children about their job, we would love to hear from you! (or if you have any friends or relatives who work in this field)

Dates for your diary

Dates for your diary....
