## Friday 17<sup>th</sup> May

### Phonics

In phonics this week we have recapped the sounds: gn, ore, ey, y, ew and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

### Maths

This week in maths we have been dividing different amounts by sharing and grouping equally, using objects to help us.

**See if you can have a go at some of the 1 minute maths activities in the division section linked to this week's learning.**

### PE

In PE we have just started a unit on invasion games. So far, we have thought about the roles of attacking and defending and have been dribbling and moving with a ball in different ways.

### Music

In music this half term we have been composing our own song about ourselves! We started off by creating the lyrics, then thought of a melody and beat. We are finishing off by adding instruments.

### English

This week we continued writing our stories, focusing on the 'problem' part of our story where something goes wrong. We learned about different sentence openers that we could use to make it sound more interesting and had lots of fun making up 'oh my goodness' sentences that needed an exclamation mark at the end. We tried to include these in our story, as well as adjectives and different conjunctions.

### Art

This week we had a go at drawing self-portraits. We used mirrors to look carefully at our features and where they are on our face. We then tried to draw them accurately and match the colour of our skin, hair and eyes as closely as possible.

### History

We finished off our history unit by recapping on what we learned about nursing and hospitals in the past and what we learned from nurse Emily's visit last week. We then thought about how and why things had changed and compared things that were similar and different.
