

Year One News

Friday 24th May

Phonics

In phonics this week we have recapped the sounds: ear (bear), or (word), tch, dge, er and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

Maths

This week in maths we explored position and direction. We have done lots of practical activities to make sure that we understand full, half and quarter turns, left, right, above, below, forwards and backwards.

See if you can have a go at some of the 1 minute maths activities over the half term holiday.

What a way to finish the half term! We all had a fantastic time at Bewilderwood today and the children did a brilliant job of challenging themselves and having a go at things that might have seemed a little scary or tricky to start off with. You should have some very happy but worn out children this evening!

BewILDerwood

English

This week we finished off our superhero stories. We focused on the resolution and ending parts of our story, ensuring that we still included interesting sentence openers and adjectives. We also made sure that we included a happy ending.

Science

During every season we go outside and observe our class tree that we chose at the beginning of the year. This week we looked at our tree to see what had changed since winter. We also predicted what else might change as we go into summer.

Don't forget to have a go at the science challenge set by Mrs Easlea and the Science Ambassadors if you are able to (see Tapestry post). We would love to see your rocket launching efforts, so please feel free to share on Tapestry.

Dates for your diary

Dates for
your
diary.....

3rd June – Back to school

By 5th June – return your raisin packets to school with any money that you have raised for FOSSA

6th June – EYFS bake sale after school
