

# Year One News

## Friday 7<sup>th</sup> June

### Phonics

In phonics this week we have recapped the sounds: a-e, e-e, i-e, o-e, u-e and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

### English

This week we learned about real-life superhero Marcus Rashford. We found out about his life and what he has done to help others and put this information into a fact file. We tried to include subheadings and 'because' to extend our sentences. Our challenge this week was to use exciting adjectives too.

### Maths

This week in maths we have been recapping on the names and properties of 2D and 3D shapes and finding different ways to sort them.

Circle Triangle Square Rectangle Pentagon

**See if you can go on a shape hunt around your house or local area – which 2D and 3D shapes can you spot?**

### PE

In PE we have started our unit on athletics, which will prepare us nicely for sports day. We started by looking at good running technique and practicing our balance skills.

### Dates for your diary

Dates for your diary.....

**14<sup>th</sup> June** – Day of Welcome – wear anything yellow or green

**28<sup>th</sup> June** – Sports Day

**28<sup>th</sup> June (4:30 – 7)** – FOSSA BBQ

**1<sup>st</sup> July** – reserve sports day

**19<sup>th</sup> July** – last day of school

### Art

This week we started to look at painting by mixing the primary colours to make secondary colours. We used an artist's rag when doing our colour mixing.

### Science

In science this week we started to look at the different parts of the human body. We labelled a life-sized outline of a body and compared body parts with a partner, as well as doing an investigation to see if the tallest person in the class had the biggest feet.

### Geography

We learned about the 4 points of the compass this week and followed and gave instructions using north, south, east and west.

We really enjoyed our assembly and then class session with Leanne from the RSPCA. She taught us about wildlife in the local area and showed us how to spot signs of wildlife in our school grounds. **Thank you for all of your kind donations.**
